Page 4 – What I Do

My 360° approach to marketing

STRATEGY → BRAND → CONTENT → DIGITAL → CONNECTION → IMPACT

Split into six pillars:

- 01 — Strategy: Understanding the business, its objectives, audience and positioning, then building the marketing direction around them.
- 02 — Brand: Shaping how a brand is perceived — from positioning and identity to tone, messaging and overall presence.
- 03 — Content Creation: Turning the brand strategy into stories, concepts and content that people actually want to see, remember and engage with.
- 04 — Digital & Paid: Building visibility through digital channels, paid campaigns and performance-driven initiatives.

- 05 — Influence & Connection: Creating meaningful connections through influencer partnerships, communities, audiences and B2B/B2C communication.
- 06 — Impact: Measuring what matters, learning from performance and continuously improving to move the business toward its goals.
